SOCIAL BIOLOGY

Volume 33, 1986

ADOPTION: log-linear analyses of patterns of, 241–248
Age differences: between spouses in first marriages, 229–240
Ahern, Frank M., 35–50
Ahlburg, Dennis A., 51–56
Algeny, 156–157
American Indians: quality of 1980 census data for, 163–182
Assortative mating: in unwed birth parents, adoptive, and nonadoptive parents, 77–86

BARDEN, HOWARD S., 334–335
Boudot, Patrick, 322–325
Behrman, Jere R., 22–34
Beirut: religious endogamy and consanguinity in marriage patterns in, 138–145
Berman, Patricia A., 163–182
Blake, Judith, 5–21
Bley, Daniel, 160–161, 322–325
Boetsch, G.: bk. rev., 160–161
Bogue, Donald J.: bk. rev., 330–331
Brown, Frankie, 148–152

CANADA: a forecasting model of total live births in, 51–56
Cathey, Ben, 148–152
Census: 1980 data for America Indians in, 163–182
Chase, Gary A., 57–64
Chwalow, A. Judith, 57–64
Child abuse, 131–137
Childbearing: and low-fertility decision making, 249–258
Chowdhury, Alauddin, 183–198
Cognitive ability: effects of father's education on child's, 316–321
Cohort size: and forecasting of Canadian total live births, 51–56
Conception: seasonal variation in and various pregnancy outcomes, 116–127
Consanguinity: in marriage patterns in Beirut, Lebanon, 138–145
Consensual unions: legalization of in Mexico, 199–213
Constandse-Westermann, T. S., 160–161
Contraception: and selection intensities in India, 127–130; economics of among rural Egyptian women, 214–228
Crognier, Emile: bk. rev., 159–160
Crow, James, 154–156
Cullen, Ruth M., 241–248

DAVIS, BARRY R., 291–300
Dawson, P. S.: bk. rev., 157–159
Death: causes of among Rhode Island Jews, 87–101
Development: macroanalytic study of fertility and, 259–275
Dronamraju, Krishna R.: bk. rev., 154–156

ECCLES, SIR JOHN: bk. rev., 334–335
Economics: of fertility regulation among rural Egyptian women, 214–228
Educational attainment: and number of siblings, 5–21; and Hawaii Family Study of Cognition, 35–50; effect of father's on child's cognitive ability, 316–321
Egypt: economics of fertility regulation among rural women in, 214–228
Elmer, Glaister A., 335–337
Endogamy. *See* Religious endogamy.
England: reproductive success and occupational class in eighteenth-century Lancashire, 109–115
Epidemic model: of suicides, 291–300
Experimental Behavioral Ecology and Sociobiology, 335–337

FADEN, RUTH R., 57–64
Family background: and number of siblings and educational attainment, 5–21
Family configuration: and family size, 146–147
Family size: and family configuration, 146–147; and low-fertility childbearing decision making, 249–258
Female reproductive development: a hazards model analysis of, 183–198
Fertility: and low-fertility childbearing decision making, 249–258; macroanalytic study of development and, 259–275. *See also* Natural fertility.
Foster, Andrew, 183–198

GENETIC COUNSELING: and assessment of risk by pregnant women, 57–64
Geronimus, Arline T., 326–327
Goldman, Noreen, 199–213
Goldstein, Alice, 87–101
Goodman, Harold O., 157–159
Gualtieri, C. Thomas, 146–147
Gwinn, Marta L., 116–127

HALDANE: THE LIFE AND WORK OF J. B. S. HALDALE WITH SPECIAL REFERENCE TO INDIA, 154–156
Hardy, Robert J., 291–300
Hawaii: educational and occupational attainment in family study of cognition in, 35–50
Heer, David M., 1–4

HALDANE: THE LIFE AND WORK OF J. B. S. HALDALE WITH SPECIAL REFERENCE TO INDIA, 154–156
Hardy, Robert J., 291–300
Hawaii: educational and occupational attainment in family study of cognition in, 35–50
Heer, David M., 1–4

Hicks, Robert E., 146–147
Ho, Hsiu-Zu, 77–85
Hofer, Myron A., 159–160
Holldobler, Bert: bk. rev., 335–337
Holtzman, Neil A., 57–64
Hughes, Austin L., 109–115
Hutterites: and natural fertility, 65–76

INDIA: selection intensities in menopausal and permanent contraceptor women in, 127–130
Infant mortality: related to socioeconomic development, medical care, and nutrition in less-developed countries, 301–315; in Marrakech, Morrocco, 322–325
IQ. *See* cognitive ability.

JARVIS, GEORGE K., 301–315
Jayachandran, J., 301–135
Jews: mortality among in Rhode Island, 87–101
Johnson, Ronald C., 35–50

KHUDR, ADÈLE, 138–145
King, C. E.: bk. rev., 157–159
Klat, Myriam, 138–145

LANCASHIRE: reproductive success and occupational class in during the eighteenth century, 109–115
Lebanon: religious endogamy and consanguinity in marriage patterns in, 138–145
Leonard, Claire O., 57–64
Li, C. C., 316–321
Lindauer, Martin: bk. rev., 335–337
Live births: a relative cohort size forecasting model of for Canada, 51–56
Lopes, Cheryl, 57–64

MCKINNEY, WILLIAM T., 159–160
Mariage en Limousin. Évolution Séculaire et Identité d'une Population Rurale. Le Canton de Châteauponsac, 1870–1979, 160–161
Marrakech: infant mortality in, 322–325
Marriage patterns: and religious endogamy and consanguinity in Beirut, Lebanon, 138–145; and age differences between spouses, 229–240
Massachusetts: settlement formation in, 1700–1850, 276–290
Menken, Jane, 183–198
Menopause: and selection intensities in India, 127–130
Mensch, Barbara, 229–240
Mexico: legalization of consensual unions in, 199–213
Mitra, S., 331–334
Morrocco: infant mortality in, 322–325
Mortality: among Rhode Island Jews, 87–101. *See also* Infant mortality, Neonatal mortality.

NAGOSHI, CRAIG T., 35–50
Nam, Charles B.: bk. rev., 331–334
Natural fertility: among the Hutterites, 65–76
Natural selection: in India, 127–130
Neonatal mortality: reformulation of rate of, 326–328

OAKLEY, DEBORAH, 249–258
Occupational attainment: in the Hawaii family study of cognition, 35–50
Occupational class: and reproductive success in eighteenth-century Lancashire, England, 109–115
Omran, Abdel, R., 259–275

PASSEL, JEFFREY S., 163–182
Pebley, Anne R., 199–213
Philliber, Susan Gustavus, 331–334
Philippines, The: population journal inaugurated in, 153
Poindexter, John R., 214–228
Population: journal of inaugurated in the Philippines, 153
Population: A Basic Orientation, 331–334
Population Biology; Retrospect and Prospect, 157–159
Population of the United States, The: Historical Trends and Future Projections, 330–331
Poston, Dudley L., 241–248; 326–328
Pregnancy outcome: and seasonal variation in conception, 116–127

QUAID, KIMBERLY, 57–64

RAJANIKUMARI, J., 127–130
Rao, T. Venkateswara, 127–130
Relethford, John H., 276–290
Religious endogamy: and consanguinity in marriage patterns in Beirut, Lebanon, 138–145
Rhode Island: mortality of Jews in, 87–101
Rifkin, Jeremy: bk. rev., 156–157
Robinson, Daniel: bk. rev., 334–335
Robinson, Warren C., 65–76
Rogers, Richard G., 326–328
Roots of Human Behavior, The, 159–160
Rubin, George L., 116–127

SALAMA, IBRAHIM A., 259–275
Schutjer, Wayne A., 214–228
Science professors: attitudes toward and knowledge of sociobiology among, 148–152
Seasonal variation: in conception and various pregnancy outcomes, 116–126
Settlement formation: in North-central Massachusetts, 1700–1850, 276–290
Siblings: effect of number, order, and spacing of on child and adult outcomes, 1–4; number of and family background and educational attainment, 5–21; number and position of on child and adult outcomes, 22–34

Sociobiology: and child abuse, 131–137; attitudes toward and knowledge of among college science professors, 148–152
Stockwell, Edward G., 330–331
Stokes, C. Shannon, 214–228
Suicide: epidemic model of, 291–300

Taubman, Paul, 22–34
Trussell, James, 183–198

Uhlman, Jerry, 102–108
Umberson, Debra, 131–137

Vasectomy Applicants: eligibility criteria for, 102–108

Wallace, Bruce, 156–157
Warren, Charles W., 116–127
Weiss, Gregory, 102–108
Wonder of Being Human, The, 334–335

Yuen, Sylvia H. L., 35–50
